///

1 Such interrogatories would require PRA to search for information generated both before and after
2 relevant time periods, including time periods that have no bearing on the issues in dispute in this
3 litigation.

4 7. PRA objects to each Interrogatory to the extent that it seeks information or
5 documents that are not in the possession, custody, or control of PRA, or that cannot be located by
6 a reasonable search.

7 8. PRA objects to Plaintiff's defined terms to the extent that they are overly broad,
8 unduly burdensome, or are vague or ambiguous. PRA specifically objects to Plaintiff's definition
9 of "IDENTIFY THE DIALER" and "SKIP-TRACED TELEPHONE NUMBER" as overly broad
10 and unduly burdensome.

11 9. The following Answers are based upon information and writings presently
12 available to and located by PRA and its counsel. PRA has not completed discovery or its
13 preparation for trial. The Answers presented herein are made without prejudice to PRA's right to
14 produce evidence of any additional facts or to supplement these Answers in any way. No
15 incidental or implied admissions are intended by the Answers. Nothing contained herein shall be
16 construed as an admission relative to the existence or possession of any information, and none of
17 the Answers is an admission respecting the relevance or admissibility of any fact. The fact that
18 PRA has answered any Interrogatory in part or in full is not a waiver of any part of any objection
19 to any Interrogatory. PRA reserves the right to supplement these Answers at a later date.

20 ANSWERS TO INTERROGATORIES

21 SPECIAL INTERROGATORY NO. 1:

22 IDENTIFY THE DIALER that PRA used to dial the TELEPHONE NUMBER on
23 September 1, 2010.

24 (As used in these Requests for Admission [sic], (1) "PRA" refers to Portfolio Recovery
25 Associates, LLC, its agents, partners, attorneys, servants, employees, assignees, lessees, affiliates,
26 and/or anyone acting on behalf of it, and/or any affiliate, subsidiary, parent or related corporation,
27 partnership or entity, and/or anyone acting for or on behalf of any such subsidiary, related
28 corporation, parent, partnership, entity, or natural person; (2) "TELEPHONE NUMBER" means

1 telephone number (510) 228-8113; and (3) "IDENTIFY THE DIALER" means that PRA's
 2 response should state the name or number of the manufacturer, product line, model number or
 3 version, serial number, and FCC/ACTA registration number of the electronic device used to dial
 4 the TELEPHONE NUMBER, including both hardware and software components, or the name
 5 and position of the natural person who manually dialed the TELEPHONE NUMBER.)

6 **ANSWER:**

7 PRA incorporates by reference its general objections. PRA further objects that this
 8 Interrogatory's definition of IDENTIFY THE DIALER in effect creates multiple subparts
 9 contrary to California Code of Civil Procedure §2050.060 (f). Subject to and without waiving the
 10 foregoing objections, PRA states that the dialer it used to dial the TELEPHONE NUMBER on
 11 September 1, 2010 was an Avaya Proactive Contact Dialer. The serial number for the dialer is
 12 08D901010585, the FCC registration number is AV1USA-2801-MA-T, the CPU model is HP
 13 Proliant DL385 G2, Switch model number PG230, and the APC version number is 4.1.0.

14 **SPECIAL INTERROGATORY NO. 2:**

15 IDENTIFY THE DIALER that PRA used to dial the TELEPHONE NUMBER on
 16 November 4, 2010.

17 **ANSWER:**

18 PRA incorporates by reference its general objections. PRA further objects that this
 19 Interrogatory's definition of IDENTIFY THE DIALER in effect creates multiple subparts
 20 contrary to California Code of Civil Procedure §2050.060 (f). Subject to and without waiving the
 21 foregoing objections, PRA states that the dialer it used to dial the TELEPHONE NUMBER on
 22 November 4, 2010 was an Avaya Proactive Contact Dialer. The serial number for the dialer is
 23 06D902010244, the FCC registration number is AV1USA-2801-MA-T, the CPU model is HP
 24 Proliant DL385 G2, Switch model number PG230, and the APC version number is 4.1.0.

25 **SPECIAL INTERROGATORY NO. 3:**

26 IDENTIFY THE DIALER that PRA used to dial the TELEPHONE NUMBER on
 27 December 14, 2010.

28 ///

ANSWER:

PRA incorporates by reference its general objections. PRA further objects that this Interrogatory's definition of IDENTIFY THE DIALER in effect creates multiple subparts contrary to California Code of Civil Procedure §2050.060(f). Subject to and without waiving the foregoing objections, PRA states that the dialer it used to dial the TELEPHONE NUMBER on December 14, 2010 was an Avaya Proactive Contact Dialer. The serial number for the dialer is 06D902010244, the FCC registration number is AV1USA-2801-MA-T, the CPU model is HP Proliant DL385 G2, Switch model number PG230, and the APC version number is 4.1.0.

SPECIAL INTERROGATORY NO. 4:

IDENTIFY THE DIALER that PRA used to dial the TELEPHONE NUMBER on January 4, 2011.

ANSWER:

PRA incorporates by reference its general objections. PRA further objects that this Interrogatory's definition of IDENTIFY THE DIALER in effect creates multiple subparts contrary to California Code of Civil Procedure §2050.060(f). unnecessarily compound. Subject to and without waiving the foregoing objections, PRA stated that the dialer it used to dial the TELEPHONE NUMBER on January 4, 2010 was an Avaya Proactive Contact Dialer. The serial number for the dialer is 06D902010244, the FCC registration number is AV1USA-2801-MA-T, the CPU model is HP Proliant DL385 G2, Switch model number PG230, and the APC version number is 4.1.0.

SPECIAL INTERROGATORY NO. 5:

State every telephone number that terminates at the electronic device that PRA used to dial the TELEPHONE NUMBER on September 1, 2010.

ANSWER:

PRA incorporates by reference its General Objections. PRA objects because the phrase "telephone number that terminates at the electronic device" is vague and ambiguous. PRA also objects that the Interrogatory is overly broad and is unlikely to lead to discoverable information. For these reasons, PRA will not respond to this Interrogatory.

SPECIAL INTERROGATORY NO. 6:

State every telephone number that terminates at the electronic device that PRA used to dial the TELEPHONE NUMBER on November 4, 2010.

ANSWER:

PRA incorporates by reference its General Objections. PRA objects because the phrase “telephone number that terminates at the electronic device” is vague and ambiguous. PRA also objects that the Interrogatory is overly broad and is unlikely to lead to discoverable information. For these reasons, PRA will not respond to this Interrogatory.

SPECIAL INTERROGATORY NO. 7:

State every telephone number that terminates at the electronic device that PRA used to dial the TELEPHONE NUMBER on December 14, 2010.

ANSWER:

PRA incorporates by reference its General Objections. PRA objects because the phrase “telephone number that terminates at the electronic device” is vague and ambiguous. PRA also objects that the Interrogatory is overly broad and is unlikely to lead to discoverable information. For these reasons, PRA will not respond to this Interrogatory.

SPECIAL INTERROGATORY NO. 8:

State every telephone number that terminates at the electronic device that PRA used to dial the TELEPHONE NUMBER on January 4, 2011.

ANSWER:

PRA incorporates by reference its General Objections. PRA objects because the phrase “telephone number that terminates at the electronic device” is vague and ambiguous. PRA also objects that the Interrogatory is overly broad and is unlikely to lead to discoverable information. For these reasons, PRA will not respond to this Interrogatory.

SPECIAL INTERROGATORY NO. 9:

State the number of calls PRA has made to CALIFORNIA RESIDENT’S SKIP-TRACED TELEPHONE NUMBERS since January 4, 2007.

(As used in these Requests for Admission [sic], (1) the phrase “CALIFORNIA

1 RESIDENT” means a person whom PRA’s records identify as residing in California; (2)
 2 “CREDITOR” has the same meaning as it does in 15 U.S.C. § 1692a and (3) the phrase “SKIP-
 3 TRACED TELEPHONE NUMBER” means a telephone number that PRA did not obtain either
 4 from a CREDITOR or from the person that uses that cellular telephone number.)

5 **ANSWER:**

6 PRA incorporates by reference its general objections. PRA objects to this Interrogatory as
 7 overly broad and unduly burdensome. PRA objects to the definition of “SKIP-TRACED
 8 TELEPHONE NUMBER” as overly broad and unduly burdensome. PRA objects to the extent
 9 that this Interrogatory seeks documents or information that are not relevant to the subject matter
 10 of this action and not reasonably calculated to lead to the discovery of admissible evidence.
 11 Subject to and without waiving the foregoing objections, PRA refers Plaintiff to a document
 12 produced in response to Request for Production of Documents Number 1 from which PRA can
 13 ascertain the following information: (1) the telephone number called, (2) whether PRA has a
 14 record of the number being skip-traced, and (3) whether the telephone number has a California
 15 area code. PRA cannot verify whether these telephone numbers belong to California residents, but
 16 rather only that these individuals have a cell phone with a California area code and that the
 17 number was obtained through skip tracing.
